In the Matter of Consolidated Edison Company of New York, Inc.
Indian Point Nuclear Generating Unit No. 2
Docket No. 50-247

Dear Mr. Macbeth:

Pursuant to your informal request at a meeting with the AEC regulatory staff held on November 22, 1971 at the regulatory staff offices in Bethesda, there is attached a list of references to material which has been consulted during the preparation to date of the draft detailed environmental statement for Indian Point Unit No. 2

Sincerely,

/S/ TFE

Myron Karman
Counsel for AEC Regulatory Staff
