Re: Consolidated Edison Company of New York, Inc.
Indian Point Unit No. 3
AEC Docket No. 50-286

Gentlemen:

On June 10, 1969 Applicant received in the mail from the Citizens Committee for Protection of the Environment a document entitled "Intervenor's Findings of Fact and Conclusions." This document makes a number of statements concerning this proceeding without citing the record as requested by Chairman Jensch (Transcript Page 2244) and as required by the Commission's rules. Applicant does not consider it necessary to reply to or rebut these statements since its position with respect to the conclusions to be drawn from the evidence in this proceeding is fully set forth in the proposed findings and conclusions filed on May 28, 1969.

Very truly yours,

LeBOEUF, LAMB, LEIBY & MacRAE
