Subject: Fermi 3 Traffic Study Conference Call #2

Randy,

The staff have reviewed the traffic study-related information in the Emergency Evacuation Plan and that was placed in the Buffalo and DC reading rooms. We would like to have a second traffic study conference call with Detroit Edison and Mannick and Smith (M&S) to discuss questions and comments we have based on that review.

The soonest I can get everyone together for the call on my end would be September 8 or 9. I would prefer to have the call on September 8 if possible. Please let me know if either of these dates is good for you and M&S. It would be best to have the call start no earlier than 10:30 AM Eastern Time. Argonne will provide the bridge line so I will also need to know how many lines you will need.

Thanks,
Steve
