Subject: 2010-02-08 Two Week Extension for RAI-125

Steve,

As we discussed last Wednesday, this email documents my request for a two week extension for our response to RAI-125, (6.4) Toxic Gases. As I mentioned on our last conference call, we could not find a toxic limit for the typical commercial HVAC system gases. As a result, we are doing a calculation to address oxygen displacement.
