Subject: STP etiological agents -- call record with Abby Youens

Good morning miss Amoret!!
Here is the call record from my phone conversation (FINALLY!) with Abby Youens this morning (from TX DSHS). I expect I should be hearing back from here soon and she said she thought she'd be able to give us information for Matagorda County for the last 5 years (# of cases and types of waterborne diseases). I hope this helps and it's not too late. I hope you are having a lovely day so far.
-Lara

Phone/Conference Call Record

Project/Plant: STP COL DSEIS

Date: Monday, February 1, 2010

Time: AM

Attendees: Lara Aston, Abby Youens

Name	Title	Agency/Organization
Lara Aston	Non-radiological Human Health SME	PNNL
Abby Youens	Epidemiologist	Texas DSHS (713)-767-3010

Call title/subject: Water-borne diseases in Matagorda County, Texas.

Purpose of call: Provide information on water-borne disease that are of concern in Matagorda County, Texas.

Call notes:

- Ms. Aston contacted Ms. Youens on behalf of Amoret Bunn (PNNL) to find out details of the water-borne diseases that are of most concern in Matagorda County and whether or not they are/were recreationally related cases.
- Ms. Youens said she would research the question and respond via a phone call or email.
