Attention: Mr. Steven A. Varga, Chief
Operating Reactors Branch No. 1
Division of Licensing

Subject: Indian Point 3 Nuclear Power Plant
Docket No. 50-286
Proposed Changes to Technical Specifications
Plant Staff

Dear Sir:

Enclosed for filing are three (3) signed originals and nineteen (19) copies of a document entitled, "Application for Amendment to Operating License", together with forty (40) copies of Attachments I and II thereto comprising a statement of the proposed changes to the Technical Specifications and associated Safety Evaluation.

Although the Authority believes that administrative issues of this nature should not be included in the Technical Specifications, we hereby submit the enclosed "Application for Amendment to Operating License". This application serves to amend Section 6.2 "Plant Staff" of the Indian Point 3 Technical Specifications in accordance with your letter of March 15, 1985, regarding NUREG-0737 Item I.A.1.3 (Shift Manning) technical specification requirements for limiting overtime. This application also amends Table 6.2-1 in accordance with NUREG-0737 Item I.A.1.3 regarding the minimum shift crew composition.

The proposed changes are Attachment I to the application for Amendment enclosed with this letter, while the associated Safety Evaluation is Attachment II.

1/1

As per 10 CFR 170.12, enclosed is a check in the amount of $150.00 in payment of the application fee for the review of these proposed changes to the Technical Specifications.

In accordance with the requirements of 10 CFR 50.91, a copy of this application for amendment to the Operating License and the associated attachment is being submitted to the designated New York State Official.

If you have any questions regarding the proposed changes, please contact Mr. P. Kokolakis of my staff.

Very truly yours,

For J. C. Brons
Senior Vice President
Nuclear Generation
