Dan and Joel,

I completed the initial product review for Sections 9.1.1, 9.5.4, 9.5.5, and 9.5.6. With the exception of the page containing the beginning of of Section 9.5.4, the pages are all identical to Amendment 92. The page containing the beginning of Section 9.5.4 has no change bars indicating a change within that Section, either. Consequently, there is no review/SE input necessary for these Sections. Please update the task list accordingly.

Dan,

I attempted to add notes/comments in EPM, but that function did not work for me. Should I be able to do that?

Steve

Steve,

You have new tasks on the Watts Bar 2 project. Please check your task assignments in EPM under "My Tasks" and update the "% Work Complete" for "Conduct Product Review" for 9.1.1, 9.5.4, 9.5.5, and 9.5.6 with task start date of 1/4/10.

In addition, you have new tasks for "Complete Draft SE section w/ Open Items and Forward to PM" for 9.5.7 and 9.5.8 with task start date of 1/4/10. Are there going to be RAIs for these sections? If so, then we will need to revise the schedule to add the appropriate RAI review tasks.

Let me know.

Dan
