Subject: Discussion regarding New License Application
(NOTE: This will be used as the Documents Title in ADAMS)

This call was to discuss with Dr. Rivera Luna the application for a new license he submitted and we received on April 30, 2010. I asked him if the intention is to amend their license to have an additional location of use, since this is the only difference compared to the NRC license (52-17273-01) they already possess. Dr. Rivera Luna confirmed that he wants to amend license 52-17273-01 to add a location of use and that there are no administrative changes within the facility. Dr. Rivera Luna stated that authorized users and RSO are going to remain the same.

Action Required: Change the application for a new license received in Region I on April 30, 2010 to an application for amendment to Lic. No. 52-17273-01.
