Subject: OPEN ITEM CALL

Ladies and Gentlemen,

We continue to make progress on the Open Items week by week. Thanks to all of you.

In looking at this weeks list there are a couple of things I notice. On Chapter 1 we have a date of 10/30/10 for completing the construction impact OI. Taking a look at the schedule in EPM we don't have any technical reviewers scheduled. In fact, the only technical reviewer we have for any of the Chapter 1 OIs is Tekia. Raj/Mo, could you two get together and fix this??

There are still a couple of items that need dates. Stacy has highlighted them in yellow. I know that at least a couple of them are scheduled for discussion tomorrow. Let's see if we can have dates on everything by the end of the week.

A few items have slipped from week to week. I am particularly sensitive about things that are in our court. If there is anything I can do to help you on these things, please call. Thanks again for all of the progress!!

George
