Importance: High

Are you on this conference call? I tried dialing in and got an error message saying the call-in #, 888-560-9549, is no longer valid.

Let's plan on having a call today as scheduled.

John—you can give an update on the SHPO consultation.

Randy—I would like to briefly review project schedule status, if possible.

I will try to call in but if I don't connect for some reason, go ahead without me and let's keep things moving.

Thanks.....
