Subject: Code of Record

Per 10CFR50.55a (f) and (g), TVA will have to implement the ASME Inservice Inspection (ISI) and Inservice Test (IST) Code Editions which are in effect 12 months prior to issuance of the Unit 2 operating license. TVA understands that the NRC has the below two ASME Code Sections/Addenda in house for review. We need to know the anticipated schedule for approval of these documents o that we can efficiently produce the TVA procedures.

ISI – ASME Section XI – thru 2008 Addenda
IST – ASME OM code – thru 2006 Addenda
