SUBJECT: REQUEST FOR ADDITIONAL INFORMATION FOR LICENSE AMENDMENT REQUEST TO CHANGE LICENSEE NAME FROM COGEMA MINING, INC. TO URANIUM ONE USA, INC., IRIGARAY AND CHRISTENSEN RANCH IN SITU URANIUM RECOVERY PROJECT, SOURCE MATERIALS LICENSE SUA-1341 (TAC J00612)

Dear Ms. Wichers:

By letter dated January 27, 2010, to the Nuclear Regulatory Commission (NRC), Uranium One Americas, Inc. requested an amendment to Source Materials License SUA-1341 to change the name of the facility on the license from Cogema Mining, Inc. to Uranium One USA, Inc. (NRC Agencywide Documents Access and Management System [ADAMS] ML100351154), to reflect the change of control that occurred on January 27, 2010. Uranium One Americas, Inc. supplemented this request in a letter to NRC dated February 17, 2010, and provided documentation supporting the name change, including a copy of Amendment Number 1 to the Bank of Montreal Irrevocable Letter of Credit, a copy of the Wyoming Secretary of State certification of the name change, a copy of an 'Application for Amended Certificate of Authority,' and a copy of the Delaware Secretary of State certification of the name change (ADAMS ML100491500).

NRC staff has initiated a detailed technical review of the license amendment request. NRC staff requires additional information from the licensee in order to complete the assessment of the application. The request for additional information is provided in the enclosure. Within 30 calendar days, please either provide the information requested or inform us of the date you expect to provide the information. We are available to meet with you to discuss the requested information.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice for Domestic Licensing Proceedings and Issuance of Orders," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of NRC's ADAMS. ADAMS is accessible from the NRC Web site at: http://www.nrc.gov/reading-rm/adams.html.

If you have any questions concerning this letter, please contact me, either by telephone at (301) 415-7777, or by e-mail at ron.linton@nrc.gov.

Sincerely,

/RA/

Irigaray and Christensen Ranch Name Change License Amendment
Request for Additional Information

1. Provide NRC with an updated Certification of Financial Assurance to reflect all relevant changes, including the change of the Licensee's name. Section 40.36(d) in 10 CFR Part 40, states that a decommissioning funding plan must also contain a certification by the licensee that financial assurance for decommissioning has been provided in the amount of the cost estimate. Guidance for the Certification of Financial Assurance may be found in NUREG-1757, Volume 3, Appendix A.2. Additionally, a template for the Certification of Financial Assurance may be found in NUREG-1757, Volume 3, Appendix A.2.4.

2. Provide two updated corporate organizational charts, one detailing the corporate structure at the time Uranium One, Inc., purchased Cogema Mining, Inc. and another detailing the corporate structure after the name change from Cogema Mining, Inc. to Uranium One USA, Inc. Both organizational charts should detail all entities in the corporate structure, including "shell-companies" (if applicable), from Cogema Mining, Inc. up to Uranium One, Inc. Additionally, the charts should show the State and Country of incorporation and type of corporate entity (e.g. S-Corporation, Limited Liability Corporation, Limited Partnership, et cetera) for each entity listed.

3. Confirm that "Uranium One USA, Inc." is formerly known as "Cogema Mining, Inc." and that "Uranium One USA, Inc." has held, and currently holds, NRC License SUA-1341. Two different entities with similar names were identified during a search of certain Delaware Division of Corporations records: (1) "Uranium One USA, Inc." and (2) "Uranium One U.S.A. Inc." The Delaware Division of Corporations file numbers are 0840273 and 4270470, respectively.

4. Indicate the purpose of "Uranium One U.S.A. Inc." Delaware Division of Corporations file number 4270470. If "Uranium One U.S.A. Inc." is in the corporate structure, indicate if such entity is a "shell company."

5. Please provide the following:

   (a) Confirmation that "Uranium One USA, Inc." registered in Wyoming (Business Division of the Wyoming Secretary of State, ID 2006-000511636), is the same entity as "Uranium One USA, Inc." (Delaware file number 0840273).

   (b) Clarification of inconsistencies between "Uranium One USA, Inc.'s" corporate filing information with the Wyoming Secretary of State and other records. The following inconsistencies in the filing were identified:

      1. The "Principal office address" contained in the 'Application for Amended Certificate of Authority,' submitted by the licensee, is inconsistent with the "Principal Address" located on the "Uranium One USA, Inc." Filing Information (ID 2006-000511636).

Enclosure

2. The “Officers / Directors” portion of “Uranium One USA, Inc.’s” filing information with the Wyoming Secretary of State is inconsistent with the “List of Officers & Directors” attached to the ‘Application for Amended Certificate of Authority.’

3. The “List of Officers & Directors” submitted by the licensee lists the corporate name as “Uranium One U.S.A. Inc.” Certain records with the Delaware Division of Corporations and documents contained in the licensee’s February 17, 2010 letter to NRC suggest that former “Cogema Mining, Inc.” is now registered as “Uranium One USA, Inc.”

6. As a result of this name change, confirm that there will be no changes in:

   (a) personnel having control over licensed activities;

   (b) the use, possession, location, or storage of licensed materials;

   (c) the location of operations, equipment, or procedures;

   (d) corporate structure;

   (e) corporate organization;

   (f) State and Country of Incorporation;

   (g) control of the license, neither indirectly nor directly.

7. Following the name change, confirm that Uranium One USA, Inc.:

   (a) assumes full liability for facility and site decommissioning;

   (b) agrees to abide by all commitments and representations previously made to NRC by the licensee in its previous corporate name;

   (c) agrees to abide by all constraints, conditions, requirements, representations, and commitments identified in the license; and

   (d) accepts full liability and responsibility for the site and facility.

8. Provide a copy of a certification of incorporation for Uranium One USA, Inc.
