Subject: AREVA Facility

I support the facility as it is part of a long term solution to our energy needs. A nation we have failed to come up with a comprehensive energy policy. We all seem to agree that we need to down size coal. In my opinion nuclear Is part of the solution and I feel is green. We need to move forward. Idaho Falls supports the facility and as a member of the Idaho Falls city council I support the facility. Tom Hally 4741 Torrey Pines Dr Idaho Falls ID 8340
