To the US Nuclear Regulatory Commission,

I am a citizen of the Town of Buffalo Gap and I do not support any uranium removal project in our area.
I understand that the town of Hay Springs NE has ground water contamination from the active uranium mine there.
I also know from published reports that Buffalo SD area has problems with uranium tailings from unreclaimed open pit mining that was not reclaimed or remediated in the past.
I want you to deny this application to protect our fragile limited water resources here in the heartland.

Thank you for your consideration,
Kevin Molloy
