Mr. Pick,

The DCPP buried piping life cycle management report is too large to email to you, so I will have a copy put on a disk and sent out to you.

Subject: Information Request

Good morning,

We have received the information requested. I noticed that for the buried piping the life cycle management report was not included. Could you have someone send that report to me. I know that there may be an original and an updated report. Some STARS facilities had an original and an update.

If you have an original and an update I would like both.

Have a great day!!
