Subject: Teleconference calls

Philippe,

As mentioned previously, the staff would like to have conference call capability during the breakout sessions. It will only be necessary for the following discussions:

4/12 2:00 - 3:00: ASME Section XI (IWB, IWC, IWD)
4/12 11:00 - 12:00: Reactor Head Closure Studs
4/12 3:00 - 4:00: Bolting Integrity
4/12 2:00 - 3:00: Fire Protection
4/12 3:00 - 4:00: Fire Water System
4/13 9:00 - 10:00: One-Time Inspection
4/13 11:00 - 12:00: One-Time Inspection ASME Small-Bore Class 1 Piping
4/13 1:00 - 2:00: Flux Thimble Tube Inspection
4/14 1:00 - 2:00: Inspection of Internal Surfaces in Miscellaneous Piping and Ducting Components

In addition, we would like to have a speaker phone available so that we can call HQ and speak with management periodically. It doesn't have to be a separate phone in our the NRC meeting room, if one is already available in a breakout room which is not being used.

See you all on Monday morning.
Kim
