AGENDA

Joint Meeting between NRC Management and ASME BPV Code Board of Directors

October 15, 2010

Room T-10-A1

Purposes of Meeting:

1. The staff is seeking a better understanding of the role of the board of directors within the ASME and their impact on interactions between the staff and the society.
2. The ASME board of directors wants to understand the needs of the NRC as a stakeholder, especially in the area of the ASME Boiler and Pressure Vessel Code.
