Subject: STP - FSAR Rev 4 and AIA

Bill,

I am conducting a SUNSI review and the question may be immature because I have not gone through all the sections yet. But in Attachment 4 of your October 4 cover letter, page 1 of 2 where you summarize the changes resulting from AIA, I did not see any discussion of Subsections 9.5.14 and 19S where the AFI System and AIA implementation are added, although they both should be IBR. I also have not seen any discussion on the added ITAAC.

Please let me know if I am missing anything.
