Subject: STP - Squiod Valve

John,

In preparing for the October 20 ACRS, Tom Scarborough wants to have a short telephone conference on the squid valve.

Previously, we were informed (in RAI response) that there is no squid valve except in the neutron monitoring system. Tom wants to discuss on Wednesday or Thursday the design, qualification, size, safety function, and surveillance monitoring of these valves.

Please coordinate with Adrian if you can arrange this.

Thanks

Tom Tai
