Dimitri,

Laura is in flight, returning home today. Is the 11:30 am timeframe EST or PST? I will check with Laura's deputy and Van Ramsdell to see if they can make this call or whether we will have to reschedule.

Are you available to discuss the CDF values (broken down by Release Category) question around 11:30a today.

We have the following options to facilitate the discussion:

1) Review the document with them on a "Go To Meeting"

2) Make the document available for audit

3) Make the document available in a reading room

4) Verbally convey data (not preferred due to higher probability for error)

Regards,

Dimitri Lutchenkov
