RE: Materials License Amendment for Thermal Engineering in Joplin, MO
Materials License # 24-19500-01

The purpose of the enclosed information is to amend the materials license (Materials License # 24-19500-01) for Thermal Engineering International, Inc located at 2702 W. 9th Street, Joplin, MO 64801.

This amendment is to add an Authorized Use to Section 9 of the current Materials License. The additional Authorized Use is for a Permanent Radiographic Installation. This amendment should not replace or remove any of the current Authorized Uses listed in Section 9.

The building expansion that will house the Permanent Installation is currently under construction. If anything can be done to expedite the amendment process, please do not hesitate to contact me at (417) 659-3656.

Regards,

Nick Darnell
