Rick

Attached is the RAI prepared by the Corps of Engineers. The RAI ID is 5340 and the question number is 19746. After you've had an opportunity to review the RAI, we can set up a call involving FPL, NRC and the Corps for any clarifications of the request. At a minimum, considering the scope of the RAI, we'll need to discuss an appropriate time for the FPL response. If you have any questions, please give me a call.
