SUBJECT: RELEASE OF ESCROW ACCOUNT FOR APPLIED HEALTH PHYSICS, INC.

Dear Mr. Chippo:

In a letter dated December 1, 2010, you stated that an Applied Health Physics, Inc. escrow account, established to comply with NRC Enforcement Action EA-96-009, was no longer necessary. This determination, made by your staff, was based on the licensee's inspection history, positive management changes, and current waste possession volume.

Based on the above and since the Commonwealth of Pennsylvania now has regulatory authority over Applied Health Physics, Inc., the Commission has no objections to the dissolution of the escrow account in favor of Applied Health Physics, Inc.

Thank you for your cooperation.

Sincerely,
