FYI we will also evaluate Figure 4.1-1, the reference to Figure 4.1.2 in the last sentence of paragraph one is incorrect.

Bob,

I just talked with Sue. We don't need a call, the concern was the notch missing from Figure 4.1-2 in the LNP TS. Sue will draft an RAI and send it to us so there is something official on the record. We will also evaluate Figure 4.1-2 for the response.

I evaluated the HAR FSAR and TS and did not identify a similar concern. The HAR drawings were consistent.

Tony

I have to reschedule this meeting tomorrow.

We have had a ice storm here in DC. No one has been able to make it to work.

NRC would like to discuss apparent errors (inconsistencies) in HAR COLA - EAB diagrams shown in FSAR Ch 2 & COLA Part 4 (Fig 4.1-2).

Appears to be correctly described in FSAR Section 2.1.1.2.
