Subject: COMANCHE PEAK EXPANSION AND USING MORE WATER FROM LAKE GRANBURY

NRC,

I oppose drawing more water from Lake Granbury to accommodate the proposed expansion of the Comanche Peak power plant. I agree that the expansion should occur but believe that the required cooling water should come from another source. Lake Granbury already provides its fair share! Drawing more water from Lake Granbury will not only negatively effect the property values of all current waterfront property owners, but also any future industrial and residential expansion in the Granbury area.

Sincerely,
C. C. "Fitz" Fitzgerald
5920 Henslee Ct
Granbury, Texas
