Subject: Saving Lake Granbury

Sir: We want to voice our concern that 20 billion gal. of water yearly from Lake Granbury will be used to cool proposed towers 3 and 4 at the Comanche Peak in Glenrose. Lake Granbury as well as the entire Brazos River Basin will experience great stress by this action of BRA. Alternative methods need to be found to save Lake Granbury Thank you for your attention in this matter. W. H. Rollins, 3801 Roaring Springs Ct. Granbury, TX 76048 817 279- 8999
