SUBJECT: JUAN A. JURADO, M.D., LICENSE AMENDMENT, CONTROL NO. 573279

Dear Dr. Jurado:

This refers to your NRC license listed above. The latest amendment to your license (Amendment No. 3) does not include maximum possession limits for the strontium-90 source authorized on the license. Current NRC policy requires that a license include a maximum possession limit for each radioisotope authorized on the license. Therefore, we have administratively amended your license to incorporate this requirement and Item 8 of the license is revised to include a maximum possession limit. This limit is based on the information that you provided during a telephone conversation on August 3, 2010. In addition, please note that License Condition 13 has been removed from your license, since the sealed source requirement described in that condition is included in the regulations in 10 CFR Part 35. Enclosed with this letter is the amended license.

You must request and receive an amendment to your license prior to acquiring licensed material in excess of the limits specified in Item 8 of the license. Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material;** then **Regulations, Guidance, and Communications.** You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 7:00 a.m. to 6:30 p.m. EST, Monday through Friday (except Federal holidays).

Thank you for your cooperation.

Sincerely,
