Division of Industrial and Medical Nuclear Safety
Office of Nuclear Material Safety and Safeguards
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555-0001

ATTN: Ms. Maureen Moriarty

Subject: Renewal of Exempt Distribution License 31-23902-01E

Dear Ms. Moriarty,

Meprolight Incorporated respectfully requests that subject license be renewed.

As a prerequisite to requesting this renewal, we have reviewed the applicable sections of 10 CFR Parts 30 & 32 and the statements, representations and procedures contained in the documents listed in paragraph 16 of our license and believe them to be complete and accurate.

Meprolight has two distribution facilities, each in an Agreement State. License information for these facilities is as follows:

State of New York: Yonkers facility - License for possession incident to distribution
License Number: C2989 (Amend 3), Expiration Date 30 Nov, 2012

State of New Jersey: Teaneck facility - License for Storage and Use
License Number: 31-23902-03, Expiration Date 28 Feb, 2019

If you require copies of these licenses, please provide email information so that PDF copies can be quickly and accurately provided to you.

We apologize for the lateness of this request but only received a reminder from the NRC by telephone call from Region I (Mr. Steven Courtemasche) on 24 January. A hard copy of this letter is being sent to you today by priority mail but, as per our telephone discussion of 24 January, this advance notice is being provided by facsimile to preclude lateness of the request.

Thank you for your assistance in this matter.

Sincerely,

Brad Fisher
President
