The agenda for the subject meeting shall be as follows:

Tuesday, April 5, 2011, 10:00 a.m. until 5:00 p.m.

The Subcommittee will review the NRC Staff's High Temperature Gas Cooled Reactor (HTGE) NRC Research Plan. The Subcommittee will hear presentations by and hold discussions with representatives of the NRC staff and other interested persons regarding this matter. Thirty-five hard copies of each presentation or handout should be provided to the DFO thirty minutes before the meeting. In addition, one electronic copy of each presentation should be emailed to the DFO one day before the meeting. If an electronic copy

cannot be provided within this timeframe, presenters should provide the DFO with a CD containing each presentation at least thirty minutes before the meeting. Electronic recordings will be permitted only during those portions of the meeting that are open to the public.
