Re: Transition Power Development, LLC
Submittal of ESP and/or COL Application
Blue Castle Generation Project

Transition Power Development (TPD), LLC, intends to submit an Early Site Permit Application and/or a Combined License Application for two nuclear units by April, 2010. The two units will be part of the Blue Castle Generation Project, to be located in East-Central Utah. TPD will provide shortly additional information on the site and associated planning to begin the process of providing timely and pertinent information to the NRC staff.

If you have any questions regarding this intention to submit an ESP and/or a COL, please contact Mr. Tom Retson at (910)256-8477.

Sincerely yours,
