APPLICANT STRATA ENERGY, INC'S MONTHLY UPDATE TO INITIAL MANDATORY DISCLOSURES

Pursuant to 10 C.F.R. § 2.336(a) & (b), Strata Energy, Inc. (Strata) hereby submits its February 28, 2014 monthly update to its mandatory disclosures for this proceeding:

1. Potential Testifying Witnesses

At the current time, Strata has no additions to the previously disclosed proposed witness list. In the event that additional witness are identified, either from the previously noted organizations or newly identified organizations, Strata will provide those as expeditiously as possible on a monthly basis.

2. Documents and Data Collections

Strata's initial mandatory disclosure submission included a detailed breakdown of documents that potentially will be relied upon during the administrative hearing process. Strata has no additions to the previously disclosed document list. In the event that additional documents are identified, Strata will provide those as expeditiously as possible on a

monthly basis. Per applicable regulations, I certify that these disclosures are correct to the best of my knowledge.

3. Hearing Locations

As discussed in the February 24, 2014, telephone conference with all parties, Strata pledged to offer information regarding hotel and facility availability for the administrative hearing on the dates proposed by the Board (September 27-October 2, 2014). Strata has consulted with two of the larger hotels in Sundance (the Best Western and the Bear Lodge Motel) and have been informed that they have full availability for accommodations for this time period (combined 74 room capacity). Further, as has been discussed that limited appearance statements potentially could be held in Sundance to provide interested stakeholders a more convenient forum to provide their input, it makes sense for the Board to seriously consider Sundance as a location for the administrative hearing. Given that the vast majority of potential interested stakeholders for the proposed Ross project are in the county where Sundance is located, Strata believes that the Sundance courthouse is an appropriate location for all parts of the future hearing.

Respectfully submitted,
