ATTACHMENT
NEW OPPORTUNITIES, INC. (NOI) SITE
CHERRY STREET
WATERBURY, CONNECTICUT
(November 2014 – Mail Control 584916)

This information is being submitted as required by condition 18B of the Cabrera Materials License.

Cabrera provided health physics services to support activities at the New Opportunities, Inc. (NOI) Cherry Street Site in Waterbury, Connecticut. The Site buildings were formerly part of the Waterbury Clock Company complex where, in the early 1900s, portions of the contiguous buildings were used to paint clock dials with luminescent paint containing radium. The Connecticut Department of Energy and Environmental Protection (CTDEEP) Radiation Division has been involved with the assessment of the Site and determined that building materials in portions of the contiguous site buildings are contaminated with radium.

The following work evolutions associated with this job site occurred:

1. Cabrera provided radiological support in the form of project-specific radiation awareness training to site workers and health physics support.

2. Health physics support consisted of establishing radiological support zones for the removal and loading for disposal of contaminated debris into an intermodal container from the 5th and 6th floor of 215 Cherry St. Waterbury Ct.

3. Cabrera preformed contamination surveys on equipment and site personnel in accordance with reg. guide 1.86. Air monitoring was conducted with a Ras-1 low volume air sampler and all results reported less than ten percent (10%) of DAC.

4. No QC check sources were brought onto the site.

This is to acknowledge the receipt of your letter/application dated

11/26/14, and to inform you that the initial processing which includes an administrative review has been performed.

(Notification) 06-30556-01

[X] There were no administrative omissions. Your application was assigned to a technical reviewer. Please note that the technical review may identify additional omissions or require additional information.

[ ] Please provide to this office within 30 days of your receipt of this card
