

March 21, 2008

APPLICANT: Progress Energy

PROJECT: Harris Combined License

SUBJECT: SUMMARY OF MARCH 6, 2008, PUBLIC MEETING ON SHEARON HARRIS  
COMBINED LICENSE

On March 6, 2008, a Category 1 public meeting was held between the U.S. Nuclear Regulatory Commission (NRC), and representatives of Progress Energy, Inc. (PE), at NRC Headquarters, One White Flint North, 11555 Rockville Pike, Rockville, Maryland. The purpose of this meeting was to discuss the Shearon Harris combined license (COL) application and orient the NRC staff on the components and contents of the Shearon Harris COL submitted by PE on February 19, 2008.

The meeting, scheduled from 1:30 p.m. until 4:00 p.m., finished early at approximately 3:00 p.m. The presentation, outlined in the agenda provided in the public meeting notice, was completed and the staff asked only a few questions. During the meeting, PE gave an overview of geotechnical and environmental site specific characteristics. There was one question asked by the staff that pertained to the maximum flood level value which PE determined for the site compared to the design certification documentation (DCD) level. Since that value was not readily available, PE requested to show the NRC the value after the meeting. Table 2.0-201, "Comparison of AP1000 DCD Site Parameters and Shearon Harris Nuclear Power Units 2 and 3 Site Characteristics," contained values of the flood level on sheet 6 of 9 (page 2.0-8). The table showed that the applicant, PE, derived a value of 259.87 feet.

Enclosed is a list of meeting attendees and the presentation used during the meeting. Both are available in the Agencywide Document Access and Management System (ADAMS), which provides text and image files of the NRC's public documents. Use accession number ML080700073 to access this material in ADAMS. If you do not have access to ADAMS or if there are problems in accessing the meeting materials located in ADAMS, contact the NRC Public Document room (PDR) Reference staff at 1-800-397-4209, 301-415-4737, or by e-mail to [pdrc@nrc.gov](mailto:pdrc@nrc.gov).
