

Welcome to the U.S. Nuclear Regulatory Commission's Open House Associated with the Environmental Review for the Proposed Combined License (COL) at the Calvert Cliffs COL Site

This open house is intended to provide an opportunity for interested members of the public and staff from other Federal, State, Tribal and local agencies to interact with the U.S. Nuclear Regulatory Commission (NRC) staff in an informal information exchange.

The NRC is gathering information necessary to prepare an Environmental Impact Statement (EIS) as part of its review of the proposed combined license (COL) for the Calvert Cliffs COL site. Please note that if you wish to provide formal comments regarding the scope of the environmental review for the COL, they must be presented at today's transcribed public meeting or provided in writing or electronically by April 14, 2008. Comments received after this date will be considered while developing the draft EIS if it is practical to do so, but the NRC staff is able to assure consideration only for comments received on or before April 14, 2008. Written comments on the scope of the EIS should be sent to:

Chief, Rules and Directives Branch
Division of Administrative Services
Office of Administration
Mailstop T-6D 59
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Comments may be hand-delivered to the NRC at 11545 Rockville Pike, Rockville, Maryland, between 7:45 a.m. and 4:15 p.m. on Federal workdays. Submittal of electronic comments may be sent by e-mail to the NRC at CalvertCliffs.COLAEIS@nrc.gov.

Thank you for your participation.
