---

Good morning,

Attached is the revised West Valley Aerial Gamma Radiation Survey Report, along with a comment response matrix prepared by NYSERDA, DOE, and RSL. The comment response matrix provides a response to each comment received from the regulatory agencies on the draft Aerial Radiation Survey Report that was sent to you on May 15. The aerial survey results will be presented at the November 18 WVDP Quarterly Public Meeting, and copies of the Aerial Gamma Radiation Survey Report will be made available at that meeting. NYSERDA will also present an overview of the follow-up soil sampling program.

If you have any questions, please call me at 716-942-9960 ext. 4900 and/or Bryan Bower at 716-942-4368.

Thank you,
-Paul
