Re: Billing for Post-Hearing Work Regarding the Partial Initial Decision of the Atomic Safety and Licensing Board In the Matter of the Crow Butte Resources, Inc. License Renewal

Dear Mr. Dapas:

In a letter dated November 18, 2016, the Nuclear Regulatory Commission (NRC) informed Crow Butte Resources, Inc. d/b/a Cameco Resources (Cameco) that it would be billing Cameco for efforts in addressing the Atomic Safety and Licensing Board's (Board) findings and completing the NRC staff's National Historic and Preservation Act (NHPA) and National Environmental Protection Act (NEPA) review for the Crow Butte application. Cameco is herein providing notice to the NRC that Cameco does not want the NRC to conduct any work or to be billed for any work regarding this matter until the NRC Commission has ruled on all appeals to the Board's finding.
