Re: Draft Environmental Statement related to the Operation of Nine Mile Point Nuclear Station Unit # 2 (NUREG 1085) and Request for Extension of Time.

Dear Mr. Schwencer:

The Department of Environmental Conservation (DEC) has recently received 20 copies of the subject document for review and comment. DEC is coordinating state comments for all state agencies.

Because of the importance of this document, it should be reviewed adequately. Unfortunately, state agencies (including DEC) have experienced severe personnel and budget cutbacks, resulting in the need to prioritize our various functions. In addition, the logistics of coordinating comments from 13 agencies requires extra time. I therefore request a two week extension of the present October 1 deadline for comment.

Thank you for consideration of our request.

Very truly yours,

Louis M. Concra
