Tomeka L. Terry
Environmental Projects Branch 2
Division of Site and Environmental Reviews
Office of New Reactors
Washington, DC 20555-0001

Dear Ms. Terry:

This letter is in response to the preliminary proposed action for the Scoping summary report related to the Environmental Scoping process for the Victoria County Station Site, Early Site Permit application.

The Ysleta Del Sur Pueblo does not have any comments nor does it request consultation on this project due to its location being outside of our Pueblo's NAGPRA area of interest and/or relevance.

Thank you for allowing us the opportunity to comment on this project.

Sincerely,

Javier Loera

Javier Loera
War Captain/Tribal Historic and Preservation Officer
