Re: St. Lucie Unit 2
Docket No. 50-389
Environmental Protection Plan Report
Date of Event: November 16, 1994
Non-routine Environmental Event

The attached Report is being submitted pursuant to the requirements of Section 5.4.2 of the St. Lucie Unit 2 Environmental Protection Plan. The report provides a description of a reportable release of untreated parking lot runoff to the Mangrove Impoundment at the St. Lucie Plant. Also included in the attached report is a description of a percolation pond system bypass, which was implemented to alleviate high percolation pond levels caused by heavy rainfall.

Very truly yours,

D. A. Sager
Vice President
St. Lucie Plant
