DOCKET 50-255 - LICENSE
DPR-20 - PALISADES PLANT -
PHYSICS TEST PROGRAM

The physics test program for start-up of Palisades Plant Cycle 4 is attached. This is a complete revision of the information that was sent to the NRC on June 6, 1979 and supersedes that description in its entirety. Both a "review" and an "acceptance" criterion have been assigned to each test, and a commitment is made with regard to remedial action in case a criterion is exceeded.
