TO: Susquehanna River Basin Stakeholders

FROM: Paul O. Swartz, Executive Director, Susquehanna River Basin Commission

RE: SRBC's Water Resources Program for Fiscal Years 2014-2015

I am pleased to present the Susquehanna River Basin Commission's Water Resources Program for Fiscal Years 2014-2015 at http://www.srbc.net/planning/water-resources-program.htm.

SRBC is required by the Susquehanna River Basin Compact to produce a Water Resources Program annually and distribute it to the public. The Water Resources Program lists projects and facilities to be undertaken by SRBC and other governmental and non-governmental interests to meet the water resource needs of the Susquehanna River Basin.

If you have any questions, please contact Mr. David Heicher at dheicher@srbc.net or (717) 238-0423, ext. 110.

Paul O. Swartz
