Next Steps

- Revise OPC Initiative to allow use of the RI process to remain in alarm only as an alternative to implementing the automatic trip
- Public Meeting to resolve NRC comments on RI process - April 2019
- Present revised OPC Initiative to NSIAC for approval - May 2019
- NRC issue Staff response letter acknowledging new revision of the VII - July 2019
- NRC issue OPC Technical Report - TBD
- NRC issue letters for each site to close the Bulletin as inspections are completed
