SAMUEL CHILK NUCLEAR REGULATORY COMMISSION
1717 H ST NW
WASHINGTON DC 20555

WE BELIEVE THAT AT LEAST THREE ISSUES MUST BE RESOLVED BEFORE NRC CAN CONSIDER PERMITTING SAFETY CONSTRUCTION TO RESUME AT MARBLE HILL. FIRST FBI INVESTIGATION SHOULD BE COMPLETED AND ALL CONSTRUCTION RELATED ISSUES IT RAISES SHOULD BE RESOLVED
SECOND AN INDEPENDENT INVESTIGATION BY ENGINEERS CHOSEN BY INTERVENOR SAVE THE VALLEY SHOULD BE PERMITTED OF IN PLACE CONCRETE. THIS IS IN THE SPIRIT OF PROPOSED RULE INFORMAL CONFERENCE DURING INSPECTION PUBLISHED MARCH 26
THIRD PSI SHOULD BE REQUIRED TO RENEGOTIATE ALL FIXED PRICE CONTRACTS. WE URGE THAT NRC TAKE NO ACTION UNTIL THESE MATTERS ARE RESOLVED.
