Gentlemen:

Subject: License Nos. 22-00057-06 and 22-00057-32G
Docket Nos. 030-04951 and 030-04971

This is the tenth 30 day report which is due pursuant to Section IV, Item E, of the Order Modifying Licenses dated February 18, 1988. The contents of this report, as were the contents of the previous reports, is in accordance with discussions with your staff on April 6, 1988. This report lists the names, addresses, and telephone numbers of 3M Brand Static Eliminator customers who have not returned devices as of December 12, 1988.

The status codes on the report have the following meanings:

1. The customer has the device.
3. The device was not included in a shipment received from the customer.
7. The customer has been contacted by telephone. The device is in the customer's possession or in shipment.
8. The customer has an exemption to continue using the device.
9. The customer has a delinquent device over 12 months old.

To date, 4,127 static eliminators have not been returned from all sources. This represents 7.6% of the total number of devices being recalled.

Sincerely,

Robert G. Wissink
