Gentlemen:

This refers to your letter dated January 23, 1984, in response to the Notice of Violation and Proposed Imposition of a Civil Penalty sent to you with our letter dated December 22, 1983. Our letter and Notice described a violation involving intimidation of Quality Control (QC) personnel which was identified during an investigation conducted by the NRC Office of Investigations Field Office, Region IV, January 7 through August 3, 1983.

The staff is currently involved in several deliberations on this subject which may influence civil penalty imposition. Therefore, the NRC has decided to defer a final determination on the appropriateness of an Order imposing a civil penalty. We will advise you when a final determination in this matter has been reached.

Sincerely,

James M. Taylor, Deputy Director
Office of Inspection and Enforcement
