Dear Mr. Lofy:

Concerning my letter to you dated November 29, 1966, enclosed are three copies of Amendment No. 6 to Northern States Power Company's application for authorization to construct and operate the Monticello Nuclear Generating Plant near Monticello in Wright County, Minnesota.

The amendment contains revised pages for the Safety Analysis Report and answers to questions raised in the Atomic Energy Commission's letter dated February 27, 1967. The first question of that letter requested data to provide assurance of the integrity of the field fabricated reactor vessel.

Sincerely yours,
