Docket No, 50-77

Catholic University
ATTN: Sister R. Donly
Executive Vice President, Catholic University
620 Michigan Avenue, N.E.
Washington D.C. 20064

Gentlemen:

Subject: Inspection 50-77/88-01

A routine, announced inspection of your reactor facility at Catholic University was conducted by Dr. S. Sherbini on March 14, 1988. Areas inspected included the radiation safety program associated with the reactor facility, as well as the surveillance requirements specified in the facility's Technical Specifications.

Based on the results of this inspection, a number of unresolved issues were identified. These issues will remain as unresolved items pending NRC approval of the proposed license changes. The status of the items will be reviewed during a future NRC inspection.

Within the scope of this inspection, no violations were identified. No reply to this letter is required.

Your cooperation with us in this matter is appreciated.

Sincerely,

Original Signed By:
