D. D. JORDAN
CHAIRMAN
AND
CHIEF EXECUTIVE OFFICER

July 27, 1989

Mr. George Dick
Project Manager
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

ST-HL-AE-3184
File No. G25

Subject: SOUTH TEXAS PROJECT ELECTRIC GENERATING STATION
UNITS 1 & 2
Docket Nos. STN50-498, STN50-499

NOTIFICATION OF THE NRC OF EMPLOYEES' POTENTIAL SAFETY ISSUES

Dear Mr. Dick:

By NRC letter dated April 27, 1989, Houston Lighting & Power Company (HL&P) was requested to review current and previous settlement agreements. This review was to ensure that no restrictive clauses were present which would prohibit employees or former employees of the South Texas Project Electric Generating Station (STPEGS), including those of contractors and subcontractors, from providing information to members of the NRC, including the staff, inspectors, investigators, Administrative Law Judges, or the Commission.

HL&P has reviewed its settlement agreements associated with the STPEGS. From 1987 to date, such settlement agreements specifically stipulated that nothing contained in the agreement is, in any way, intended to restrict the employee from presenting information or concerns regarding nuclear quality or safety to regulatory authorities or to other persons.

Prior to 1987, no specific language referencing the right to contact regulatory authorities was used in settlement agreements. HL&P has identified three former employees who signed such agreements during that period. HL&P believes that omission of this language does not constitute a restrictive clause. However, HL&P has submitted notification to the above individuals, in writing, that the settlement agreement does not restrict their right to notify the NRC or other authority from raising legitimate concerns regarding nuclear quality or safety at the STPEGS.

HL&P also requested the STPEGS contractors and subcontractors to review their current and previous settlement agreements. Current contractors and subcontractors have responded and indicated that no

P PNU

A014
1/1

such restrictive clauses exist. Responses from previous contractors and subcontractors received to date have also indicated no such restrictive clauses exist. All responses have not been received since some contractors have gone out of business, while others are still preparing their responses.

HL&P will keep you advised should any STPEGS contractors or subcontractors, subsequent to this letter, identify such restrictive clauses in their employee settlement agreements.

Yours very truly,

DDJ:sh
