Commission-Approved Emergency Operations Facilities
Located More Than 25 Miles from Respective Nuclear Power Reactor Site(s)

Utility	Applicable Nuclear Power Reactor Sites	Facility Location
U.S. Nuclear Regulatory Commission (NRC) Region I:		
Constellation Energy Generation, LLC	• Calvert Cliffs Nuclear Power Plant, Units 1/2 • Limerick Generating Station, Units 1/2 • Peach Bottom Atomic Power Station, Units 1/2	Coatesville, PA
Dominion Nuclear Connecticut, Inc.	• Millstone Power Station, Units 2/3	Hartford, CT (backup[1])
NRC Region II:		
Southern Nuclear Operating Co.	• Edwin I. Hatch Nuclear Plant, Units 1/2 • Joseph M. Farley Nuclear Plant, Units 1/2 • Vogtle Electric Generating Plant, Units 1/2 • Vogtle Electric Generating Plant, Units 3/4 *(combined operating license (COL): under construction)*	Birmingham, AL
Tennessee Valley Authority	• Browns Ferry Nuclear Plant, Units 1/2/3 • Sequoyah Nuclear Plant, Units 1/2 • Watts Bar Nuclear Plant, Units 1/2	Chattanooga, TN
Virginia Electric & Power Co. / Dominion Virginia Power	• North Anna Power Station, Units 1/2 • Surry Power Station, Units 1/2	Glen Allen, VA
Virginia Electric & Power Co. / Dominion Virginia Power	• North Anna Power Station, Unit 3 *(COL: not yet constructed)*	Glen Allen, VA (backup[1],[2])

[1] Per paragraph IV.E.8(b) to appendix E of Title 10 of the *Code of Federal Regulation* Part 50, a licensee with a primary emergency operations facility (EOF) that is located less than 10 miles from the nuclear power reactor site(s), must have a backup facility located between 10 miles and 25 miles of the nuclear power reactor site(s). Prior Commission approval is required if a licensee locates either its primary or backup EOF more than 25 miles from the nuclear power reactor site(s).

[2] By letter dated January 16, 2018 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML18025B468), Virginia Electric and Power Company/Dominion Energy Virginia submitted a license amendment request to the NRC to consolidate the local EOFs, the common backup EOF, and the headquarters support organization for North Anna Power Station, Units 1 and 2, and Surry Power Station, Units 1 and 2, into a consolidated EOF located in Glen Allen, VA. The Commission approved this consolidation in a Staff Requirements Memorandum to SECY-18-0080 dated August 27, 2018 (ADAMS Accession No. ML18239A093). However, in its January 16, 2018, submittal, Virginia Electric and Power Company/Dominion Energy Virginia did not request to consolidate in Glen Allen, VA the local EOF and backup EOF that were approved in the North Anna Unit 3 COL, pending a decision to move forward with construction of North Anna Unit 3.

Duke Energy Carolinas, LLC	• Brunswick Steam Electric Plant, Units 1/2 • Catawba Nuclear Station, Units 1/2 • H.B. Robinson Steam Electric Plant, Unit 2 • McGuire Nuclear Station, Units 1/2 • Oconee Nuclear Station, Units 1/2/3 • Shearon Harris Nuclear Power Plant, Unit 1 • William States Lee III Nuclear Station, Units 1/2 *(COL: not yet constructed)*	Charlotte, NC
NRC Region III:		
Constellation Energy Generation, LLC	• Braidwood Station, Units 1/2 • Byron Station, Units 1/2 • Clinton Power Station, Unit 1 • Dresden Nuclear Power Station, Units 2/3 • LaSalle County Station, Units 1/2 • Quad Cities Nuclear Power Station, Units 1/2	Warrenville, IL
Northern States Power Co.	• Monticello Nuclear Generating Plant, Unit 1 • Prairie Island Nuclear Generating Plant, Units 1/2	Minneapolis, MN (backup[1])
NRC Region IV:		
Entergy Nuclear Operations, Inc.	• River Bend Station, Unit 1	Baton Rouge, LA (backup[1])
Wolf Creek Nuclear Operating Corp.	• Wolf Creek Generating Station, Unit 1	Emporia, KS (backup[1])
