Megan Gangewere, P.E., Project Manager, Advanced Reactor Licensing Branch 5, Division of Advanced Reactor Licensing, Office of Advanced Reactors

Subject: Bluecore Energy, Inc. - Transmittal of Quality Assurance Program Description
Docket No. 99902177

Dear Megan,

Bluecore Energy, Inc. ("Bluecore") hereby submits the enclosed Quality Assurance Program Description (BLU-QAPD-000001, Revision 0) to the U.S. Nuclear Regulatory Commission ("NRC") in support of Bluecore's construction permit application under 10 CFR Part 50 for the Nautilus Floating Nuclear Power Plant, Docket No. 99902177.

The QAPD describes the quality assurance program that Bluecore applies to activities affecting the quality of safety-related structures, systems, and components (SSCs) of the Nautilus facility. The program meets the requirements of 10 CFR Part 50, Appendix B, and is the description of the quality assurance program required by 10 CFR 50.34(a)(7).

This document does not contain proprietary information. No request for withholding from public disclosure is made with this submittal.

The following document is enclosed with this transmittal:

No.	Document Description	Sensitivity
1	Quality Assurance Program Description (BLU-QAPD-000001, Revision 0)	Publicly Available

Bluecore requests that the NRC acknowledge receipt of this submittal. If there are any questions regarding this transmittal, please contact the undersigned.

Sincerely,

Megan Moyette
Licensing and Safety Lead
Bluecore Energy, Inc.
